CUBA and VENEZUELA
The Nemeses of Imperialism

By

Frederic F. Clairmont

In this powerful new book, Frederic Clairmont explores the transformation of Cuba from a US colonial output into a beacon of socialist freedom in the Americas. He then charts the course taken in Venezuela under the inspired leadership of President Hugo Chavez, who is forging ahead with a "Bolivarian revolution" to end the odious legacy of socio-economic inequality in the oil-rich country.
